Letter of Confirmation

This letter serves to confirm that **Playground Creations (Pty) Ltd** supplies a range of **impact-attenuating playground surfacing systems** that have been **independently tested and certified** in accordance with the standards outlined in **SANS 51177**, which governs the **determination of Critical Fall Height (CFH)** for playground surfacing.

The following systems have been certified to comply with **SANS 51177 and SANS 51176-1:2022**, ensuring they meet the required safety and performance criteria for playground environments:

All certifications were **conducted and issued by PlaySafe New Zealand**, an internationally recognised authority in playground surfacing compliance and testing. Their assessments were carried out using certified equipment and procedures in line with **EN 1177 and SANS 51177 standards**.

Please note that these surfacing systems are only considered compliant when **installed as per certified specifications** by an **approved and trained installer**.

This letter may be used by **clients, contractors, OHS professionals, and regulatory bodies** as formal confirmation of product certification and compliance with national playground safety standards. Should you require any further documentation, installation guidelines, or support, please do not hesitate to contact us.
